Leading the Way on Jobs and Growth

As the Canadian economy gains strength, your Conservative Government will: **protect existing jobs and generate new ones; work toward economic recovery and growth; and return Canada to a balanced budget.**

Last year, our Conservative Government helped Canadians through one of the most challenging global economic recessions in many years. Year 1 of Canada's Economic Action Plan delivered the right help for families, workers and businesses when they needed it. It made a real difference across the country. After taking action to assist many Canadians during the downturn, **our Conservative Government is working towards Canada's economic recovery.**

Year 2 of our Plan will continue to lead the way in creating jobs and growth while strengthening communities from coast to coast to coast. In addition, our Government is positioning Canada to return to balanced budgets.

Canada is projected to lead all G7 countries out of the global economic recession and Canada's Economic Action Plan is providing real help for our country.
